**January 28, 2022**

Dear Property Owner:

The Augusta Regional Sewer Authority Contract No. 1 is now complete. Should any property owner issues exist please contact BP Pipeline, LLC at 606-757-2055.

Per our contract we are required to obtain a release from each property owner, and if there are no issues we would appreciate it if you would complete and sign the enclosed release and send to:

B.P. Pipeline  
269 Pebbles LN.  
Quincy, KY 41166

If an executed release is not returned or BP Pipeline has not been contacted about any construction issues within 3 weeks, it will be assumed that the property owner is satisfied with the cleanup at this time.

The project warranty period will start at the project closure date, and will extend for one year. During this period the Property Owner shall notify the Augusta Regional Sewer Authority of any claims that need to be addressed. The claims will be forwarded to the contractor, BP Pipeline, and those not considered an emergency will be addressed within 2 weeks.

A copy of the release is included with this notice.

Sincerely,

Tony Palarie; Managing Member

B.P. Pipeline, LLC

Note: For those with email capabilities it is recommended that in addition to you calling BP Pipeline at 606-757-2055 you also email a follow-up email outlining any pipeline cleanup issues to BP Pipeline at [palarie\\_4@live.com](mailto:palarie_4@live.com) and cc: both ARSA at [arsarandal@outlook.com](mailto:arsarandal@outlook.com) and HMB Engineering at [jdreynolds@hmbpe.com](mailto:jdreynolds@hmbpe.com)

Thanks

Augusta Regional Sewer Authority
