

User Beyond 300 ft.

We have had questions from potential county users that are beyond 300 ft.

301 ft. up to 500 ft.:

ARSA has reviewed this and determined that if a user is beyond 300 ft. but not over 500 ft. and it is both technically and economically practical, ARSA will assume costs up to 500 ft. just like at 300 ft.

501 ft. to 1000 ft.:

If the user wants to pay the additional costs beyond 500 ft. and it is technically possible and practical, they too can be hooked on.
